Hi [REDACTED]:

I'm sorry to hear that this happened today. I was able to confirm that [REDACTED] did not wait the required five minutes before leaving class. I have communication out to our district office and our legal consultants for guidance into next steps. To give that process time, [REDACTED] will not be at school tomorrow. I will reach out again tomorrow with a more complete determination after we receive that guidance. Again, I'm sorry that you experienced this today and I'm glad that you had a friend close by for support.
